DEMOCRATIC LEADERS INDICTED

ARE ACCUSED OF VIOLATING CIVIL SERVICE

Columbus, O., March 13—W. L. Finley, chairman of the state Democratic executive committee, and three Democratic officials were indicted today by the Franklin county grand jury for alleged violation of the state civil service law.

It was charged that they collected money from state employees in violation of the civil service law.

The officials indicted are Emory Lattaner, state superintendent of banks, A. V. Abernethy, secretary of the state tax commission and M. A. Goller, chief clerk in the bank department.

Six indictments were returned against each of the four men. Sheriff Resch personally served the indictments. The sheriff first went to the office of Finley but the Democratic chairman was not there so he went to the bank department where he served Goller. Lattaner was getting shaved and the sheriff waited. Later Abernethy and Finley were served in their offices.

Amounts and names of the contributors among civil service employees are named in the indictments. [illegible]

The one indictment against Abernethy charges him with being concerned in the soliciting and collection of funds from employes under civil service.

Joint Statement Was Issued

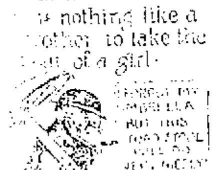

Finley, Lattaner, Goller and Abernethy issued the following joint statement this afternoon:

"The indictments returned against us by the Franklin county grand jury do not include moral turpitude on our part, but merely an alleged technical violation of the recently enacted civil service law.

"We are not guilty of the charges and promise to establish our complete innocence to the satisfaction of the court and citizenship of this state and shall insist upon an opportunity to do so at the earliest possible moment."

General Huerta's recruiting methods were exemplified today by wholesale conscripts in the [illegible]. Hundreds of men were seized in the streets and locked up until they could be provided with guns and sent to different armies. Ninety prisoners, some of them desperate criminals, were also pressed into service. Nothing was known here today regarding the fighting at Torreon.

Chihuahua, Mexico, March 13.—Although the bulk of Gen. Villa's troops is before Torreon, Villa himself was here today, uncertain whether he would leave. He kept 200 persons waiting while he carefully examined a new gun with a maxim silencer. He declared he would use it himself and would fight in the ranks like a common soldier.

El Paso, Texas, March 13.—[illegible] Fraustra, president of the commission appointed to investigate the death of Wm. S. Benton, British subject, and Gus Bauch, an American, today branded as false a report that the commission had found that both Benton and Bauch were murdered and that two high officials in Villa's army were the murderers.

WEALTHY WOMAN HIRED THUGS TO KILL ENEMY

New York, March 13. The arrest of a wealthy woman, who lives in luxury in a leading Broadway hotel, was expected today following charges by the police that she offered four gunmen $200 to murder Maurice Keating, a rich contractor, in revenge for the death of her pet dog.

Police last night arrested Harry Bressler and Stanley Harmon, who admit membership to the "Dopey Benny" gang, for assault on Keating, who was slashed on the face with a knife Feb. 29. The police got their information from the men because the woman paid them only $20 on account for the attack on Keating. The woman is said to have refused the full amount when Keating was not killed.

Keating, a month ago, before he was attacked, found a fine dog dead on the roof of the apartment where he lived and he took it to the woman and she accused him of killing the dog. He was acquitted later in court for killing the dog.

The men who perished are James Sadio, George Jocchia and John Patruc.

Atlanta, Ga., March 13. Further attacks on the theory of the state as to the time and place of the assault on Mary Phagan were made before here today by counsel for Leo M. Frank, of Brooklyn, N. Y., under death sentence here for the murder of the girl.

Mrs. J. B. Simmons, in an affidavit, alleged that she heard a woman scream in the National Pencil factory on the day of the murder, but it was two hours after the state contends the murder occurred. She said the screams came from the third floor and not from the basement, as the state contends.

London, Eng., March 13. Ambassador Walter H. Page today received a request from Secretary Bryan to cable an explanation of the speech Mr. Page made here Wednesday on the Panama canal and Monroe Doctrine, to which congress, in a resolution took exception.

Mr. Page says that condensation of his remarks in the newspapers made possible a wrong interpretation. Some of his remarks were made in a joking manner, he said.

Washington, March 13. Senator Chamberlain, author of the resolution calling on an explanation of American Ambassador Page's speech, said today he was gratified to learn that Secretary Bryan had acted upon the senate's request.

"I see the ambassador says he was joking. Well, it strikes me that ambassadors of this government should not joke about matters which President Wilson said in his message might provoke war."

Washington, March 13. The administration was admittedly troubled today over the speech of Ambassador Page dealing with the Panama Canal and the Monroe Doctrine. It was stated by those close to the president that Page had "talked too much" and had given [illegible] of the United States [illegible] adverse criticism. Page has been ordered to send a copy of the speech by the first steamer. It is [illegible] criticism will have worn off.

Rev. Dunning Will Not Go To Chicago

The many friends of the Rev. John Wirt Dunning, pastor of the First Presbyterian church, will be glad to learn that he has definitely decided not to accept the offer of the Fullerton Presbyterian church in Chicago. A letter to this effect has been written to the officials of the Chicago church.

The Fullerton church invitation carried with it a very substantial increase in salary, it is understood, but Mr. Dunning, after carefully going over the field, decided that the opportunity for growth was not such as to make the change at this time advisable. The Fullerton church has many desirable features, it being associated with McCormick seminary, and also is in a fine residence section, being near Lincoln park.

Members of the local church have been considerably worried since the offer came to Mr. Dunning, as he is one of the most popular and ever [illegible] pastors ever at the First church.

DAMAGE SUIT TRANSFERRED

The damage suit of Mary Smith and others against the Harbison-Walker Refractories company has been, upon application of the defendant, transferred from the common pleas court of Scioto county to the United States district court.

On February 21 Attorney Elmer C. Powell, of Jackson, on behalf of Mary Smith and others filed a $12,000 damage suit in the common pleas court of Scioto county against the Harbison-Walker Refractories company, based upon the fact that Israel Smith, husband of the plaintiff, Mary Smith, was killed on March 1, 1912, while in the employ of the defendant in its fire clay mines near Elfort Station. While Israel Smith was working in this mine adjusting the props holding the roof, the roof fell in, crushing Smith so badly that he died in a few minutes. This suit was later filed, alleging that the death was caused through the negligence of the defendant, in not at the proper time giving the roof proper attention. Under existing laws in suits in which certain amounts are involved and the defendant are incorporated in other states, the defendants, on application, can have the case transferred to the United States court.

In this case Bettinger, Schmidt and Kreis of Cincinnati and Judge Osborn of this city, are attorneys for the defendant.

Hit Man In Head With A Hatchet At Excelsior

Joseph Turner, a colored janitor employed in the Excelsior Shoe company's plant on Gallia street, was hit over the head by hatchet wielded by Herman McClus, also colored, Friday morning and Turner was badly injured. A gaping wound in the shape of an "L" was inflicted on Turner's head and had he not been struck a glancing blow the assault would likely have been attended with a fatality.

The two men had a dispute [illegible] moving boxes away from [illegible] elevator. When told to open passage way between the boxes [illegible] objected and the two became involved in a quarrel. Later [illegible] went to the room of the [illegible] borrowed a hatchet [illegible] returned to the second floor [illegible] he rang the elevator bell. Turner stepped out of the door McClus struck him over the head with the hatchet. Turner fell unconscious and was not discovered until 30 minutes later by William Puckett.

McClus then calmly walked to the boiler room secured his coat and hat and left the factory.

Dr. A. K. Moore was called and dressed Turner's wound.

Several days ago a United States Marshal dropped into the factory on the lookout for a murderer. A man bearing the same name as the alleged murderer is employed in the plant. He was called to the office and was readily dismissed. McClus made anxious inquiries about the marshal at the time and he came to work Saturday with a 38 revolver in his hip pocket. He showed the gun to several employees.

Spelling Contest

A spelling contest among the 450 pupil students in the high school was conducted Friday and while it was an interesting affair the averages made by the various classes show that the students can vastly improve their spelling.

The honor of being the best speller went to Charles Jackson, a freshman, whose average was 93. Charles Evans, a sophomore, was second with 91, William Dupre, a junior, was third with 90, and Louis Evans, a senior, was fourth with 89. The class averages were: Seniors, 65; juniors, 60; sophomores, 56, and freshmen, 47.

In the seventh and eighth grades these averages were made: Mrs. Fannie Ridenour, 61; Miss Char Lewis, 58; Miss Ambere, 52, and Mrs. Pauline McKeown and Miss Carrie Zottman, 51. The students were given 100 words.

New Trials Are Asked

In the case of Elbert B. Arnett against the Street Railway Company, heard recently in common pleas court, and in which the court directed the jury to return a verdict in favor of the defendant, the plaintiff, through his attorneys, Dever and Sheppard, has filed a motion for a new trial, on the ground that the court erred in directing this verdict, and for other statutory reasons.

In the case of Frank Gilliland against Frank Seymour, heard recently in the common pleas court, to a jury in which a verdict was rendered in favor of the plaintiff, to the amount of $500, the defendant, through his attorneys, Dever and Sheppard, filed a motion for a new trial, in which they offer sixteen reasons for a new trial. The most of them are statutory reasons, but they allege, in addition to these that they have discovered new evidence.

The Way to Start

"The first principle of money-making is money-saving."—John Wanamaker.

One of our most successful merchants says that unless a man is instinctively saving he will find himself at a sad disadvantage as a storekeeper.

Any beginner in business who does not have this thrift instinct or who does not acquire the habit, will be handicapped just to that extent in striving forward toward the goal of commercial success.

A savings bank account is an A1 recommendation, because it indicates so much as to the character, ability and dependability of its possessor.

OBITUARY

Lyda Mae Griffith

Mrs. J. J. McCall received a dispatch Thursday that her niece Lyda Mae Griffith has died at her home in Ceredo, W. Va., at the age of three years. The body will be laid to rest at Neal, W. Va.

J. W. Reed

Harry L. Burks, who is employed as a switchman by the N. & W., received a message Thursday evening announcing the death of his son-in-law, J. W. Reed, who died on the Battleship Louisiana several days ago. Mr. Reed's body will reach Norfolk the first of the week and it will be met there by Mr. Burks of this city. Reed was an electrician and was formerly located in Hagerstown.

In Memoriam

In memory of our darling, Carl Emerson McManes who departed this life March 11, 1914, at the tender age of three months and twenty-nine days. He leaves a father and mother, relatives and many friends to mourn his death.

Oh how we miss him, no tongue can tell
But Jesus does all things well;
Little Carl has gone to glory, left
this world of troubles and care,
Gone to join the shining angels
and dwell forever there.
Our hearts, of course, will fill with
sadness, when we see his vacant place,
And we miss his crowing and
laughter and his smiling face.
But our sorrow will turn to gladness, when for him we are not afraid,
For Jesus said to his disciples,
that of such is Heaven made,
And He told us in his sermon on
Judea's mountain wild
That he that wants to go to
Heaven must be likened unto
a little child.

Therefore, we should endeavor to imitate his life so pure and when our days on earth are ended we can meet him on the other side, where there'll be no trials or troubles, where there is no conflict or strife, but where peace doth reign supremely and where all is ours in Christ.

You are as welcome as can be to view it, without thought of buying. Welcome to come for the suggestions it will give you. Welcome to come as often and stay as long as you choose at any time. EAGLES WILL OBSERVE MOTHERS DAY MCH. 22

Arrangements are practically completed for the observance of "Mother's Day," by River City Aerie, Fraternal Order of Eagles at the Grand Opera House, Sunday, March 22nd. The principal speaker for the occasion will be Frank E. Hering, of South Bend, Ind., past grand worthy president of the order, and editor of the Eagle magazine, who is recognized as one of the most able orators in Eagle circles. Mr. Hering is also past exalted ruler of the South Bend Lodge of Elks. The complete program for the occasion will be published within the next few days.

At a special initiation held Thursday evening William Horton was admitted to membership in the River City Aerie. Next Thursday evening is the time for the regular class initiation, but owing to the fact that Mr. Horton is planning to leave the city Monday the lodge voted to admit him at a special initiation. He has been managing the construction work at the plant of the Portsmouth Steel company. Two applications for membership were read, and it was decided to admit a class of five candidates next Thursday evening.

The special soliciting committees for donations for the new home of the lodge asked for another week in which to prepare their reports. Their work is practically finished, however, and has been far beyond their expectations.

A smoker and social session followed the meeting, which was largely enjoyed by all members present.

At the State Capitol

By GEO. T. BLAKE.

Columbus, March 13.—Live stock breeders and poultry men are wrangling over how the $25,000 appropriated by the legislature for a livestock and agricultural exhibit at the Panama-Pacific exposition shall be expended. Should the exhibit be limited to sheep, cattle and swine, or should horses and poultry be included in it. "It is definitely settled now that state departments will no longer contract obligations to be paid for out of appropriations they expect to get from the legislature," said Senator A. I. Hudson, chairman of the senate finance committee and as such a member of the state emergency board, at the close of a meeting of that body Thursday afternoon. Hereafter if the head of a department contracts an unauthorized expenditure he will be held personally responsible for it.

In the near future the state industrial commission will have to pass upon one of the most perplexing questions which has confronted it in many months. Shall the family of a public employe who has succumbed to illness resulting from exposure while in public employment be entitled to an award under state insurance? That's the problem and it grows out of the contention that the recent deaths of eight employes of the Columbus street cleaning department were due to exposure while shoveling snow. From the ... superintendent of this city's street cleaning department insists that the families of the men are entitled to state aid under the workmen's compensation act and an interesting discussion has arisen. If the state commission decides that the families are eligible to public aid, then there will be opened a new field of almost incalculable possibilities in the way of state insurance risks.

The state liquor licensing commission is "checking up" upon the more than 5?00 saloons in the state. It has ordered the various county commissions to get a complete and accurate list of every employe of every saloon and the aggregate lists, when completed, will be used to supplement the list of saloonkeepers proper which the state commission itself is about to publish. The purpose of the saloon employes list is to enable the state commission and the various county commissions to ... There has been much trouble in the past because of inability to identify saloon employes. Many saloon proprietors against whose alleged employes complaints have been made, have ... the identity of the ... employes. In other words they have succeeded in escaping trouble by declaring that those complained against were not in their employ. Under the new system such evasion will not be feasible.

Another precedent has been established at the Ohio penitentiary. A prisoner has been allowed to go unguarded and alone to the bedside of his dying father and with only his pledge as a guarantee of his return. Al Fellows, a Cuyahoga prisoner, was the recipient of the much prized favor. His father was dying at Galion, and the prisoner pleaded to be allowed to pay a last visit under guard. "Your record is good," said Warden Thomas; "you may go alone." Fellows went, visited the bedside of his dying father and returned to the prison Wednesday before the expiration of the 24 hours' leave that had been granted him.

Listen To Whistles And Bells Sunday

Jack Hood, a member of the advertising committee of the Go-To-Church Movement, has written the mayor, asking permission to have all whistles and bells in the city blow and ring Sunday morning at 8 o'clock, as a signal for the beginning of the campaign. He also requests the mayor to notify the employees of the water works plant to blow the whistle there at that time. In his reply the mayor said that he would comply with both requests.

The mayor is in receipt of a letter, signed by George M. Appel, Orson H. Ogier and W. G. Williams, asking him to attend the meeting at the Gilbert Grocery company, Friday evening, to discuss the plans for furthering the Community Boys' Work in this city. The mayor informed them that he would attend if possible, and also assured them that he was at the service of the committee at all times.

W. T. Wooton, M. D., secretary of the board of health of Hot Springs, Ark., has written to the mayor asking for information regarding the city's garbage disposal plant. The plant at Hot Springs was recently destroyed by fire, and the city contemplates the erection of another one, embodying all the latest appliances. As Portsmouth has no such plant, the mayor could not furnish any information along this line.

W. C. Silcox, a member of the board of trustees of the Scioto County's Children's Home, has written to the mayor, advising him that the change suggested by the State Industrial Commission has been made. The State Commission objected to the existence of an exit door which swung inward.

Two complaints against the N. & W. railroad company registered with the mayor were referred to Superintendent Carey for his attention by the mayor Friday morning. One was contained in a letter from Hugh H. Higgins, superintendent of the street railway company, who protested against the practice of the N. & W. officials in sending the Cincinnati passenger trains from the terminals directly behind a freight train each day, thus blocking the Offnere street crossing for several minutes.

Mr. Higgins writes that the passenger train is placed on the switch near Offnere street thirty to forty minutes before it is scheduled to leave, and that because of the fact that it follows a freight train it blocks the crossing for three to four minutes while the brakeman is setting the switch. He asks that the mayor order the railroad company to stop the passenger train east of Offnere street until the traffic that has been blocked by the freight train is allowed to move.

The other complaint was registered by C. F. Kehrer, of 1183 Twelfth street, who complains that his house is in danger of being set afire by chunks of fire that issue forth from the locomotive smoke stacks. He wants the company to be required to equip the stacks with screens to prevent such an occurrence.

Complaint has also been registered against the B. & O. Company by residents of the West End, who protest against the practice of the company in allowing freight cars to remain indefinitely on lower Fourth street, obstructing street traffic and inconveniencing those people living on either side of the street. Agent Wharff was requested by the mayor to place these cars on the tracks in the West End mill lot.

AMUSEMENT CENTER OF PORTSMOUTH

Saloon Men Fined For Violations Of New License Law

Stiff sentences were meted out in police court Friday morning by the mayor to three saloonkeepers who were charged with violating the provisions of the new liquor license law. Joseph Henkle, saloonist at Fifteenth and Chillicothe streets, and Joseph Dill, colored saloonist on Eleventh street, were each fined $100 and costs for selling to habitual drunkards, while Morris Abrams, saloonist at Eleventh and Waller streets, drew a fine of $10 and costs for selling to a minor.

Abrams' fine was made a nominal amount in view of the fact that Charles McNamara, the minor upon whose evidence the affidavit was filed, had the appearance of a young man who had attained his majority, although he is only 20 years of age. Henkle was arraigned on the charge of selling liquor to Vivian Bayless, whose name is on the blacklist, while Dill was charged with selling liquor to Bayless and Homer White, the latter a colored man who has been in police court four times during the past two weeks. Henkle and Abrams admitted that they unintentionally violated the law, while Dill vehemently professed his innocence.

Henkle was defended by Judge John C. Milner, who made no effort to conduct a thorough defense. This was probably due to the fact that the case will be appealed to a higher court. Dill also announced that he would carry the case to the court of common pleas, although he was not represented at the hearing by counsel. Abrams has announced no such intention, however.

Mayor Says He Will Enforce Law

In a lengthy harangue to the defendants and the large number of spectators present, the mayor explained his attitude in dealing with such cases and what policy he intended to follow in the future. Though admitting that he was a man who throughout his life had advocated liberal policies, and would probably continue to do so, the mayor stated that while he was in office he proposed to use his utmost efforts to give the people the kind of regulation of the sale of intoxicating liquor that they expressed a desire to have when they voted to license the liquor traffic.

He entered into an explanation of the provisions of the new law at considerable length and reiterated the statement that every provision of the law would be enforced to the very letter while he was the executive head of the city. The mayor made no secret of the fact that he favored the licensing of the liquor traffic, but he added that he did not favor such manner of conducting the business as has been employed by some of the men engaged in the business in this city for the past few months.

"It is one of two things; either the saloon men of this city and state must awake to a realization of the fact that the sale of liquor must be according to law, or statewide prohibition will be the result, and then the municipalities will be deprived of the revenue. My object is to bring about a conduct of the business in this city that is in strict accordance with the new license law, and I propose to use every effort to bring this about."

Messrs. Sikes and Stahler, of the county licensing board, were present during the hearing of the cases and took careful note of the proceedings, although they did not participate in the examination of the defendants.

Chicken Thief Is Soaked

Charles McCorklo, a strange negro who has been employed as laborer on the N. & W. for some time, was fined $25 and costs and sentenced to 30 days in the Cincinnati workhouse for stealing two chickens from Roy Logan, a north end colored resident. McCorkle claimed to have bought the chickens from another man, but the evidence was overwhelmingly against him and he was convicted. The theft occurred some time Thursday afternoon and McCorkle had the fowls in his possession when Patrolman Gansley arrested him a short time later.

Chief of Police Howland has returned from Manchester, where he succeeded in effecting a satisfactory settlement with John B. Johnson, a former Portsmouth resident, who was wanted here to answer to a charge of defrauding Mrs. Anna M. Knauss, of 1113 Offnere street, out of a $34 board bill. Johnson paid the amount in full, in addition to all the costs amounting to $6, in consideration of which he was not arrested. Johnson is now conducting a collection agency in Manchester.

Officers were called to the home of Henry Wilson, a negro, Thursday evening to settle a family row which was reported in progress. The couple separated about a week ago and the trouble started when Wilson attempted to take a portion of her money which had been sent to her from Dayton to pay her transportation to that city. By the time the officers arrived the couple had kissed and made up, and there were no arrests.

Sam Jones, a negro laborer, reported to the police that another negro had pulled a gun on him at the camp cars where they were staying. An investigation proved the report unfounded.

Homer White and Harvey Powell, the two negroes arrested Wednesday morning on suspicion of having entered and robbed Clarence Cropper's saloon on Eleventh street Tuesday night, were given a preliminary hearing before the mayor at noon Friday, at the conclusion of which they were bound over to the grand jury. White's bond was fixed at $500, while that of Powell was made $300. Neither of them was able to give bond and they were remanded to the county jail.

White confessed to the robbery and in his confession implicated Powell. In all, twelve quarts of whiskey were stolen, four of which were recovered. White is the negro who has been arrested four times during the past two weeks, but he bids fair to remain in confinement for some time by reason of his latest offense. Young Powell, who is a local negro, stoutly maintains his innocence.

Vivian Bayless, the habitual drunkard, whose recent drunken escapades led to the arrest and conviction of Joseph Henkle and Joseph Dill, pleaded guilty to a drunk charge in police court Friday and was fined $5 and costs. It was his second fine in less than a week for the same offense.

SODA SWEETENS ACID STOMACHS, ENDS DYSPEPSIA

When we eructate sour food, acrid fluids and we belch gases it doesn't mean the stomach is lacking in digestive juices, says a noted authority who states that nearly all stomach distress and indigestion is a result of acidity; meaning, there is an excess of hydrochloric acid in the digestive organs. This irritating acid retards digestion and promotes good fermentation. Then everything eaten sours in the stomach like garbage sours in a can, forming gases which inflate the stomach like a toy balloon, producing a heavy, lumpy feeling in the chest or we eructate food, constantly belch gas or have heartburn, flatulence, bloating, water-brash and nausea.

He tells us to get a package of 10 grain Sodagen tablets at any pharmacy and take one tablet anytime followed by a tumbler of water. This will instantly neutralize acidity, stop fermentation, absorb the gases and sweeten the entire digestive system.

A well-known local druggist says these 10 grain Sodagen tablets are an old favorite Antacid used by thousands of men and women because of their harmless nature, being composed of Soda, Magnesia and Calcium Carbonate U. S. P.

BOY SCOUT NEWS

Boy Workers Meet

The Boy Workers' association held their March meeting Thursday evening at boys' headquarters, and it proved to be the most enthusiastic one ever held by the boy workers. Scout Commissioner M. H. F. Kinsey presided. The first business transacted was the election of a secretary for the coming year. Mr. Carey Williams, of the Trinity troop was unanimously chosen. Then came the troop reports, each scoutmaster giving a very interesting account of the work being done in his particular troop. All of these reports showed increased interest and growth in numbers. Albert Schlichter followed with a report of the basketball league. Scout Commissioner Kinsey then read his annual report, which was listened to with a great degree of interest by the boy workers.

C. W. Ridenour, field secretary, gave a splendid talk on "The Boy Scout Movement and the Unfortunate Boy." The following members were present: M. H. F. Kinsey, C. W. Ridenour, H. O. Ludwick, G. A. Thompson, Carey Williams, Edgar Miller, A. B. Foster, Chester Kerr, Albert Schlichter, Rev. J. W. Dunning, Samuel Evans and George Marsh. The association adjourned to meet again the first Thursday in April.

Lodwick Heads League

It will be pleasing news to the Boy Scouts of Portsmouth to learn that Harry O. Ludwick was chosen by the scout officials last night as president of the Boy Scout Baseball league for the season of 1914. Ludwick is a man who has had many years of experience as a ball player, and he was largely instrumental in making the league such a pronounced success last year. Other officers elected were: G. A. Thompson, vice president; Carey Williams, secretary; A. B. Foster, treasurer.

Trinity Scouts Will Meet

Tonight's meeting of the Trinity scouts will be a very important one and every member is urged to be present. Patrol formation will be the most important business to be transacted, after which there will be a meeting of the baseball team to elect a manager. The meeting will be held at 6:30, prompt.

Kendall Avenue Scouts

Kendall Avenue Boy Scouts will meet tonight in their club rooms at the Kendall Avenue church. Assistant Scoutmaster Earl Lewis will be in charge. Meeting will begin at 7, prompt.

Senator Hudson One Of Emergency Board

Senator J. I. Hudson returned home Thursday evening from Columbus, where he has been busily occupied for several days attending meetings of boards of which he, as chairman of the senate finance committee, is a member. One of them is the Emergency Board, composed of Governor Cox, Attorney General Hogan, Auditor Donahey, Chairman Cowan, of the house finance committee, and Chairman Hudson, of the senate finance committee.

One of the most important acts of the Emergency Board at its session during the week was the authorizing of an appropriation of $40,000 to cover the cost of erecting a wing to the Physics building to take the place of the old English building at the Ohio State university, which was destroyed by fire. Only matters of emergency for which no provision could be made by the state legislature are considered by this board.

Senator Hudson also attended several sessions of the special auditing committee, composed of Auditor Donahey, Chairman Cowan and himself, whose duty it is to examine and approve all expenditures paid out of the sundry and deficiency appropriation bills, passed by the last legislature. The committee passed a resolution this week forbidding heads of state departments or bureaus from making deficiencies unless they first secured authority from the emergency board to do so. This is calculated to do away with the passage of deficiency appropriation bills by future legislatures.

Welcome Extended The C. & O.; Roadway On Bridge Sought

Resolutions, welcoming the proposition of the C. & O. Railroad company in locating its proposed bridge site near Portsmouth and proffering any assistance in furthering the project within their power were passed by the board of directors of the Board of Trade at a meeting held Thursday evening in the office of the secretary, E. E. Knox.

A committee, consisting of L. C. Turley, Alan Jordan, and W. B. Anderson, was appointed to confer with the C. & O. officials and render what assistance and co-operation is desired. Among other things the Board will endeavor to have the bridge so construct as to permit of facilities for road and foot passengers.

Elmer Heisel, who has charge of the credit rating system for the Retail Merchants Association was unanimously chosen as secretary of the Board to succeed E. E. Knox, resigned. The headquarters of the Board will be moved to Mr. Heisel's office in the Masonic Temple. Resolutions thanking retiring secretary Knox for his uniform courtesy and efficiency during his several years of service for the Board and extending best wishes for his future success were unanimously passed.

Petitions, freely signed, have been returned to the Board, asking for the establishment of a county experimental farming station. The Board recently mailed the blank petitions to various sections of the county for signatures, and the result has been most encouraging. All those who have petitions are requested to have them sent in as soon as possible.

1619 Susquehanna Ave., Phila., Pa.

"My Dear Sir: For two years I was afflicted with hemorrhages of the lungs; and in February of 1902 I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I started taking Eckman's Alterative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done."

(Signed) HOWARD L. KLOTZ.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

TALKS ABOUT C. & O. BRIDGE

Benjamin King, a well-known Tygart, Ky., farmer, was in the city Friday, calling on friends. Mr. King says a gang of C. & O. surveyors have been working just west of his property for the past month.

Mr. King is of the opinion that the C. & O. bridge will have its Kentucky terminus near his place and that the Ohio terminus will be near the plant of the Breece Manufacturing Company. Mr. King stated Friday that the surveyors have told him that the Sciotoville site is not being seriously considered, owing to "The Narrows," which would not give the C. & O. the proper trackage in that vicinity.

Says His Wife Assaulted Him

There is a divorce suit set for hearing Monday, that of Lorenzo Lucas against Sarah Lucas. The plaintiff is an old soldier, and was married in August, 1913, at the age of 73, while the woman he married was but 45. On December 10, 1913, he filed a suit for divorce.

In his petition he alleges that on November 28, 1913, she assaulted him, striking him on the head, causing painful injury, and that she boasted that she just married him to get his pension, that she had threatened to knock him down and beat his brains out; that she called him a dog, a liar, and every other old thing she could think of, and he wants a divorce. She will contest the case for alimony. George W. Sheppard is plaintiff's attorney, and Judge Blair for the defendant.

PUTS AN END TO BACKACHE MAKES WEAK KIDNEYS STRONG

A Few Doses Give Relief, Helps Lifeless Organs Regain Health, Strength and Activity

It is useless, dangerous and unnecessary to be tortured with the digging, twisting pains of backache and rheumatism, or suffer with disagreeable kidney and bladder disorders any longer.

The new discovery, Croxone, provides a remedy which every sufferer can now depend upon to promptly and surely relieve all such misery and bring about a speedy cure.

Croxone cures these troubles because it quickly overcomes the very cause of the disease. It soaks right into the stopped-up, inactive kidneys through the membranes and linings; cleans out the little filtering glands; neutralizes and dissolves the poisonous uric acid and makes the kidneys filter and sift from the blood all the waste and poisonous matter that clogs the system and cause such troubles.

It does not matter whether you have but slight symptoms or the most chronic, aggravated case of kidney, bladder trouble or rheumatism that it is possible to imagine, for the very principle of Croxone is such that it is practically impossible to take it into the human system without results.

You will find it different from all other remedies. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all the misery and suffering that go with such troubles end.

You can secure an original package of Croxone from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.

Boy Agents Turn In Money To Police

Clerk Dennis Coriell at the mayor's office has been doing a land office business in pictures at the city building all day Friday, as a result of the activity of the police in investigating the methods employed by an itinerant picture agent. Thursday evening, while the boys from one of the school buildings were on their way home from school, they were accosted by the agent, who stocked up each one of them with a bundle of water-colored pictures and instructed them to sell them by a house to house canvass. The boys were promised premiums for selling the pictures, which were to cost 10 cents each. The agent took their names and addresses, and promised to call at their homes later to collect the money and give out the premiums.

The majority of the boys worked industriously the remainder of the evening, and disposed of a large number. The matter was reported to the police, who found, on investigation, that no license had been granted to the agent. Notice was sent to the principal of the school to have the boys report at the mayor's office Friday, and during the noon hour, upwards of fifty lads complied. Each of them had some of the pictures left, which they turned over to Clerk Coriell, together with the money they had collected from the sales.

The boys were notified to return to the mayor's office Friday afternoon after school, at which time the mayor will determine what commission to award them for their sales. In the meantime, a diligent search for the agent has failed to disclose his present whereabouts.

SAD CASE OF WORKMAN DEVELOPS IN ROSS CO.

Chillicothe, O., March 13—Robert Sloan, 55, no home, no parents, no friends, nor funds, is dying of tuberculosis in an old shanty-boat on the Scioto river, just above the new N. & W. bridge.

His case was reported to Humane Officer Hamm, and he in turn notified District Nurse Rumer. Hamm and Assistant Nurse Dunbar made a visit to the man's abode and found him in a deplorable condition.

Sloan has been bedfast for two weeks. He is a stone mason and contracted tuberculosis from long work at that trade. He came here from Columbus, where he had worked for Nave Brothers, Portsmouth contractors.

He worked on the N. and W. here for several days, but was too weak to continue. Since he has been ill he has been given food by boys loafing about the boat. Nurse Rumer now has the case in her charge.

He has a brother in Chicago and one in Rhode Island. He has not heard from them for years and does not know their addresses.

Hooray! Blood Free of Impurities

Eczema Gone! Acne, Tetter, Rash, Pimples, Carbuncles, Boils—Banished!

It is certainly remarkable how quickly the action of S. S. S., the famous blood purifier, shows itself in the skin.

There is one ingredient in S. S. S. which positively stimulates cellular or glandular activity to select from the blood, or from the fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return. Under the influence of S. S. S. this fine network of blood vessels in the skin is constantly selecting from the blood the nutrition required for healthy tissue, and the cause of disease is just as constantly being removed, neutralized and rendered harmless.

You will be surprised and delighted at the quick change if you will use S. S. S., the famous blood purifier. Its action in the skin is quite sensational. These facts are most fully explained in a book on skin troubles sent by the Swift Specific Co., 227 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle today and banish all skin afflictions.

When you ask for S. S. S. look out for the common trick of trying to sell you something else. Don't be misled.

Husband—"My, but that is mighty fine bread, wife!"

Wife—"Of course it is—that bread was made from Magnolia Flour!"

Husband—"Well, wifey, if that is the case, don't ever try any other make of flour."

Wife—"Don't you worry, hubby, I have tried all kinds, but Magnolia is the brand for me. Why, I don't know what it is to have a bread failure when I use Magnolia."

Husband—"Well, I tell you what, wife, you and I will always live happily if you bake such spendid bread."

Wife—"Well dear, don't worry, as long as I bake bread, rest assured, that I will have nothing but Magnolia Flour, which stands for sweet, wholesome bread, the lightest of cakes, the shortest of pies and the smoothest of pastries."

Good Things to Eat

The recent cold snap which was general all over the country played havoc with the Southern grown crop of vegetable products, and as a result, there is a scarcity of all kinds of vegetables from that section. Local wholesale dealers and commission men had a hard time securing a sufficient supply to meet the local demand during the past week, but by diligent effort, they were able to do so.

Because of the scarcity, the price on all imported vegetable products has experienced a rise from 15 to 20 per cent, which the poor consumer has had to pay. Onions are higher than they have been in years and the same can be said of other products. The quality of the produce in the main, however, continues good. Inquiry today brought out the statement from leading commission men and merchants that there will be plenty of everything in the eating line to supply the week-end demand.

Fruit is far from being plentiful, the majority of it is of mediocre quality, while the price is much higher than a few weeks ago. Good eating apples are scarce and bring an almost prohibitive price, while the inferior goods also are selling at a high price. It is now nearing the fag end of the fruit season, and the supply will be less abundant each succeeding week from now on.

Eggs took another soar during the week, and were selling today at 35 cents per dozen, with little indication that the price will be lower real soon. Butter, on the other hand, took a slight drop, fresh country butter selling at 35 cents per pound instead of 38 cents, which was the price asked a few days ago. Creamery butter is also a few cents lower than last week.

Careful persual of the advertisements of the progressive grocers and dealers in the city will prove of invaluable aid to the buyer in making selections for the table. As usual, bargains are offered in the canned fruit and vegetable, cereal and staple grocery line. These, with the variety of lettuce, spinach, new tomatoes, parsley, cucumbers, beets, onions, radishes, turnips, cabbage, kale and other fresh vegetable products insures a wealth of food material from which to make a satisfactory selection.

There is but little change in the potato market, there being an abundance of both Irish potatoes and Jersey Sweets, for both of which there is a steady, healthy demand. In this connection, it could be said that local commission men have received several car-loads of seed potatoes during the past week, which have been distributed throughout the stores of the city, and which have been selling fast.

Large quantities of fresh fish are being handled by the butchers and fish dealers, including red snapper, cat fish, boneless herring, salmon, halibut, white fish, Spanish mackerel, and the like. Oysters continue to be handled in large quantities by local dealers, and are in great demand, especially during the cold weather. Beef, pork, veal, mutton, boiled ham, and smoked meats can be had at the prevailing market prices at all meat markets. By getting in your order early, you may also be able to secure dressed chickens, hens and springers, and dressed ducks, a limited supply of which is always in evidence in the local markets.
